BILLIARD ROOM ATTACHED

The Daily Standard. Wednesday, October 26, 1870.

Railway to Manaimo · Elsewhere will be found a synopsis o an informal meeting of prominent citizens of Victoria, to take into consideration the necessity of a railway from Victoria to Nanaimo, to connect with the Trans-Continental railway to Canada. His Worship Mayor Trimble presided, and gave the subject his cordial and earnest support. The committee have circulated a requisition to the Mayor, to call a public meeting; and we understand that on next Saturday a meeting will be convened. Now it is a matter of such great importance that we hope that our citizens will come forward and second the efforts of the gentlemen who have taken the iniative in this matter, and give them a generous and wholehearted support. It is the common interest of every one in this city,-and on Vancouver Island, to frown down any and all attempts, whether open or secret, direct or indirect, whether they proceed from public men or private gentlemen,to stop the present movement in favor of a railway to Nanaimo, as a part of the Trans-Continental Railway to Canada, They who are against this movement are against Victoria, -against every man who owns a lot in Victoria or Esquimalt, or an acre of ground on Vancouver Island. They who are against it are enemies to the common interest. Two years Watches, Clocks, ago there were those who were opposed to Confederation-who repudiated union with Canada. To day, after the principle has been fought for, and the victory won, -some of its enemies -- the defeated JUNGERMANN'S -profess to be its greatest friends. They are the self-same parties who now seem the most disposed to throw cold water on the railway movement to connect this City with Nanaimo, and make Victoria the terminus of the railway to Canada. Let the people listen to nothing calculated to place in jeopardy the commercial supremacy of Victoria.

Glasses in Gold, Silver, Steel and Shell Frames, to suit all Sights and Ages. At the Lowest Prices, at Any attempt to postpone the movement is treason to this section of the country. Vancouver Island represents one-haif of the civilized population and two-thirds of the realized wealth of the Colony. She has, therefore, a legitimate, a wellfounded right to demand that due consideration be given, in the construction of the Trans-Continental Railway, to her interests. Any provision in the terms of Confederation that will jeopardize her interests cannot be sanctioned
here, but must be amended. With the
high-sounding words, that the railway
from Canada is a national undertaking,
from Canada is a na terms of Confederation that will jeopardhould be ignored,-we have no sympathy - none whatever. Hams and Bacon Cured in We are parties to the contract with Canada, and we can see clearly how we -one of the contracting parties-will be benefitted or injured by the railway. NOTICE TO FARMERS. We cannot, therefore, ignore local interests. We are willing to make sacrifices for the national good; but we cannot afford to ruin the vested interests on this Island for a mere idea. We cannot consent to stand by and see them ruined without attempting to prevent it. The Brown Jug Saloon. way to do that is first to secure the railway line to Nanaimo, at the very least. That can be cheaply made. There is no physical obstacle in the way. If that be done, we will be able to maintain our commercial supremacy, even if Burrard Inlet were found to be the most

To the Electors of the District of Victoria City.

GENTLEMEN,—At the request of a large number of electors I offer myself as one of your representatives in the next Legislative your representatives in the next Legislative Council, where our political destiny is to be chosen. At such a crisis in our history, it is specially important that you should elect members who will faithfully and fearlessly represent your wishes. The following is a brief outline of the views which lam preparations. ed to advocate.

Confederation with the Dominion of Capada is a policy upon which we all agree; and I am in favor of accepting the terms, as a whole, as agreed upon by our delegates with the Dominion Government.

I recommend the immediate acceptance of

the Canadian Tariff. believing it to be materially in the interests of the people of the If it should be found practicable to make Victoria the terminus of the Railway, I would

use every effort to secure that desirable end, and, if necessary, advocate a special concession for the purpose.

Responsible Government is the only system which can satisfy a free people; and I shall support its immediate adoption.

As to the very important and interesting question of education, I believe it to be the duty, as well as the interest of the State to provide for the education of its children, and that non-sectarian schools adequate to the purpose ought to be established and maintained, and an efficient staff of teachers paid, by the Government out of the general revenue of the country.

A tax upon unimproved lands shall have my warmest support.

A supply of wholesome water for the city

is urgently required; and I will support any practical measure to secure it.

My interests are identical with yours. I earnestly desire to see this city, and the mag-nificent country of which it is the capital, prosperous and progressive; and if you elect me as one of your members, I will use my est exertions to secure that result.
